This intermediate level workshop is designed for psychologists and graduate students who are already familiar with the Rorschach Performance Assessment System (R-PAS) and who wish more training and experience using the test clinically. The workshop will begin with updates on latest developments in R-PAS scoring and interpretation, including a recently refined set of scores associated with narcissistic traits. The remaining day and a half will be devoted to in-depth discussion of three assessments, involving 2 adult clients and one child or adolescent client. Workshop participants will receive the case materials several weeks beforehand so that they may study them on their own. Each case will include background information and clients' and referring professionals' assessment questions developed at the beginning of the assessments. During the workshop, the presenters will lead the participants in discussing scoring dilemmas, Rorschach content, interpretation of R-PAS indices, integration of R-PAS findings with other tests, and how one would answer the clients' and referring professionals' assessment questions. The goal is to explore the utility of R-PAS in clinical assessment in general and in Collaborative/Therapeutic Assessment.

## Objectives

At the end of the workshop, participants will be able to:

- discuss new developments in R-PAS
- employ recently refined Rorschach codes associated with narcissism
- explain the interpretation of core R-PAS indices
- interpret R-PAS child/adolescent norms
- discuss the utility of R-PAS in Collaborative/Therapeutic Assessment

## Schedule

### *Friday, September 7, 2018*

9:00	Introductions and review of schedule
9:30	R-PAS updates
10:30	Break
10:45	R-PAS updates (cont.)
12:00	Lunch
1:30	Case #1

3:30	Case #1 (cont.)
5:00	Close

### *Saturday, September 8, 2018*

9:00	Questions and comments
9:15	Case #2
10:30	Break
10:45	Case #2 (cont.)
12:00	Lunch
1:30	Case #3
3:15	Break
3:30	Case #3 (cont.)
4:45	Questions and comments
5:00	Adjourn

### Continuing Education Credits:

This workshop qualifies for 12 Type 1 CE credits for psychologists. Participants must complete the program in its entirety to qualify for this credit (i.e., partial hours cannot be accommodated). **CE Fee:** There is an additional \$15 charge to obtain a CE certificate. If you wish to receive CE, please select this option when registering.

This program is co-sponsored by the Society of Personality Assessment (SPA), the Center for Therapeutic Assessment, and R-PAS. SPA is approved by the American Psychological Association to offer continuing education for psychologists. SPA maintains responsibility for this program and its content.

Location:

Norris Conference Center, 2525 W. Anderson Lane, #365, Austin, TX  
78757

Fees:

Professionals: Early \$325/Late \$350

Students: Early \$200/Late \$225; students may request a discount code **prior to completing registration** by contacting us at [info@r-pas.org](mailto:info@r-pas.org) and submit proof of academic enrollment or an unofficial transcript. Discounts cannot be given after registration is completed.

Cancellation Policy:

Cancellations can be made with a full refund minus a \$25 processing fee up to seven days before the event.

Tangible Benefits:

After registering for the workshop a 10% discount code will be forwarded to participants for purchases at [www.r-pas.org](http://www.r-pas.org). In addition, all participants will receive both one free protocol allocation that allows for the coding and processing of a protocol on r-pas.org and one free Case-Based Interpretive Guide that can be linked to the protocol to facilitate clinical interpretation.
